

SUSTAINABLE HOUSING ACTION PARTNERSHIP (SHAP) FEES FOR 2018/2019

WHAT IS SHAP?

The Sustainable Housing Action Partnership (SHAP) is an independent network of innovators and leaders working in public and private organisations across the housing sector. We are not-for-profit.

Our Members collaborate on peer to peer initiatives including research and training to support informed decision-making.

Our approach is to share good practice (evidence based) leading to smarter working and improved investment decisions.

Our objective is to use a value for money approach to achieve the best possible long term outcomes for the housing sector and the communities we live in from the investments made

SHAP MEMBER PROFILE

OUR BOARD: Wates, Accord, Orbit, Energyharmonics, Camirus, Connexus, Keepmoat Housing

OUR MEMBERS: typically, senior decisionmakers from across the housing sector and supply chain including housing, regeneration, health, economic development.

OUR SECTOR BASE: Public and Private sector including social housing providers, new build developers, regulators, contractors, manufacturers, consultants, third sector, universities.

SHAP PRIORITIES

Creating good quality, comfortable, affordable to heat, sustainable homes in urban and rural areas.

Providing resilient, healthy, flourishing communities with good access to life opportunities for all.

Encouraging innovation in process, policy and operational delivery that supports better long term outcomes from investment.

OUR TRACK RECORD

Established with public funding in 2005, our Members identify emerging issues and commission the evidence base to support informed decision-making. For 2018, our research is funded by the West Midlands Housing Officers Group; Developing models for: Smart Procurement, New Build Health Homes Standard and Financial Models for Retrofit. See www.shap.uk.com/research and www.shap.uk.com/resources
