

Climate Change ~ Young People of Birmingham say ...

SEAL the DEAL at Copenhagen ~
help us live a healthy life
without **CLIMATE CHANGE**

If everyone in each city **WORKS TOGETHER**...children and their children won't suffer. **WE NEED CONFIDENCE** to discuss political issues

BE BOLD, make a decision, but
make sure it's the **right choice!**

**GIVE US
A SAY!**

**THE
FUTURE
will
AFFECT US!**

... but are you listening?
