

You're invited to become a VAR (Value Added Referrer)

Tuesday 12th November 10am – 3:30pm

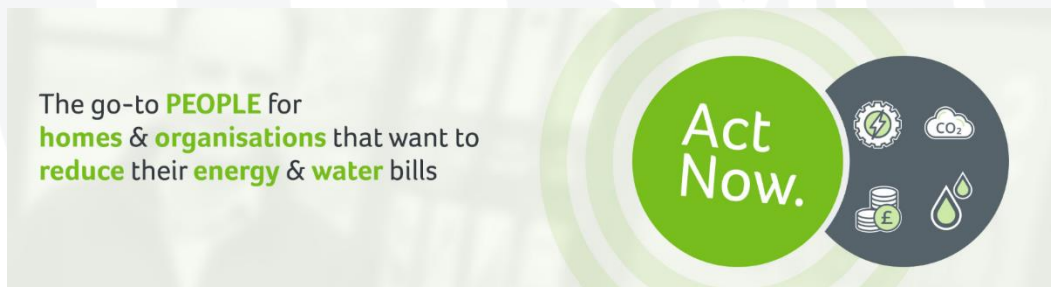

Lichfield Rugby Club, Cooke Fields, Tamworth Road, Lichfield WS14 9JE

(light lunch and refreshments will be provided)

Join a Market Leading Brand and Earn Great Commissions

SaveMoneyCutCarbon (SMCC) established in 2012, is a leading brand used by both businesses and homeowners to find, learn about and buy products and services to enable them to reduce their energy and water bills and improve their sustainability.

SMCC is focused on the cost savings and payback that can be achieved by using properly installed energy and water saving products. Our aim is to encompass all the products, learning, knowledge, delivery capability and financing in a single supply source for all our clients. Our aim is to operate as an outsource for organisations who require outside expertise to achieve their sustainability goals.

We work with a broad range of clients and sectors including:

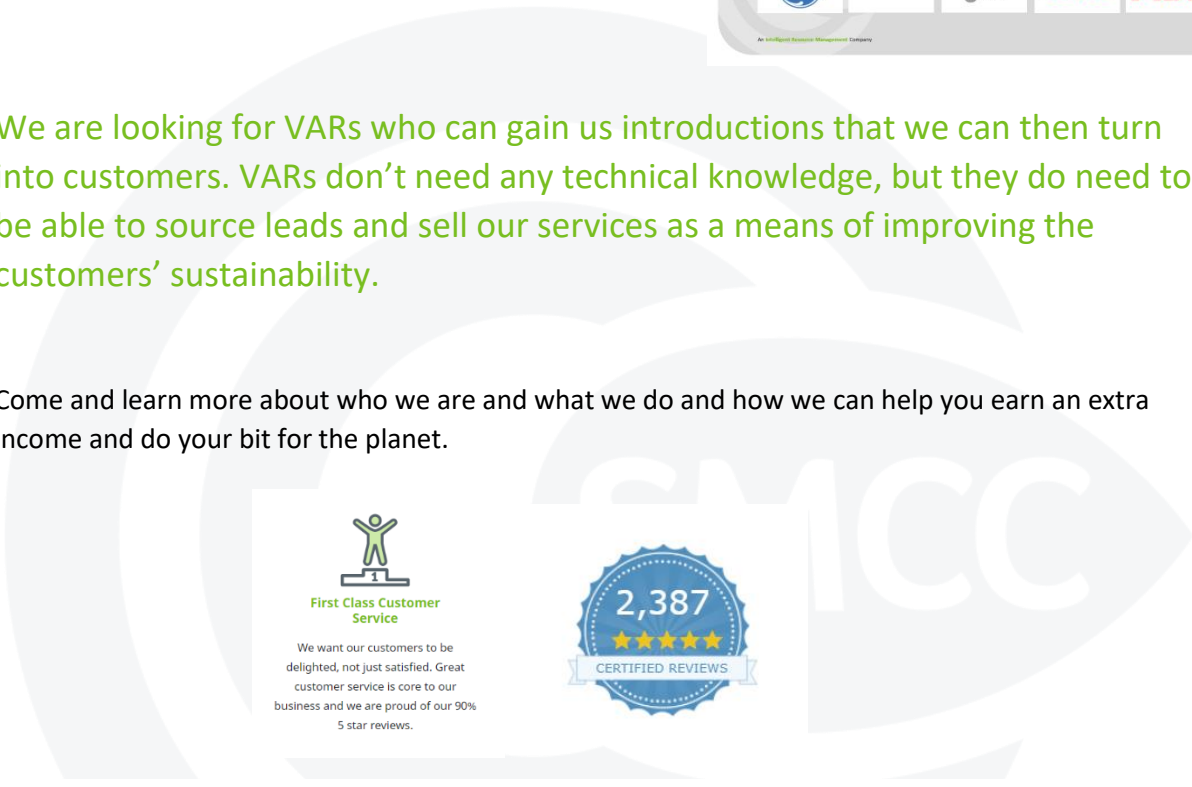

- ✓ Agriculture
- ✓ Care Homes
- ✓ Galleries and Museums
- ✓ Global, National and Local Hotels
- ✓ Hospitality sector
- ✓ Local Authorities
- ✓ Logistics
- ✓ Manufacturers
- ✓ Motorway Services
- ✓ NHS Trusts
- ✓ Restaurants and Pubs
- ✓ Retailers
- ✓ Schools, Universities and Further Education Colleges
- ✓ Warehousing

We only work directly with **major manufacturing brands**, giving our customers choice, but also peace of mind that the quality of product that is being supplied and installed comes from trusted and major players. This direct relationship means we secure competitive pricing.

We are looking for VARs who can gain us introductions that we can then turn into customers. VARs don't need any technical knowledge, but they do need to be able to source leads and sell our services as a means of improving the customers' sustainability.

Come and learn more about who we are and what we do and how we can help you earn an extra income and do your bit for the planet.

First Class Customer Service

We want our customers to be delighted, not just satisfied. Great customer service is core to our business and we are proud of our 90% 5 star reviews.

One of our company values is "doing well by doing good". We help educate people to preserve the earth's resources, promoting a sustainable way of living, while also saving money. Our foundation is committed to this goal and strives to make a difference in local communities.
